Take the class OR order a kit!

Christmas Elf Boot Class - Taught by Amber Packer

Class held: Friday, November 19 at 6:30 pm in Sandy, UT

The elf boot is approximately 11” w x 18” h and will fit perfectly on your front door. You’ll love this boot so much that you are not going to want to take it down when the holidays are over.

*Want to take the class, but can’t make it on the 19th or don’t live close? We’ve got you covered: **BUY THE KIT!***

Supplies:

- 2 – My Mind’s Eye Holly Jolly: Ornamental Paper
- 1 – My Mind’s Eye Holly Jolly: Deck the Halls Paper
- 1 – My Mind’s Eye Holly Jolly: Jolly Old St. Nick Paper
- 1 – My Mind’s Eye Holly Jolly: Holiday Plaid Paper

Also Used: Supplies: wood boot, good glue stick, pencil, scissors, mod podge, ink pad, Teresa Collins flower and bling, drill, 20 gauge wire, wire cutters, screws, staple gun or regular stapler and glue dots

Instructions:

1. Paint sides and back of all wooden piece (boot, boot top and stars)
2. Adhere Winter Branches papers together - be careful where you put the seam. I found it best to add the adhesive to the tear strip.
3. Turn paper over red side down (branches up). Turn boot over so it faces down, line up bottom of boot along bottom of paper and carefully trace.
4. Cut boot shape.
5. Lay Deck the Halls paper brown side down and trace heel of boot (make sure you save the larger piece for the top of the boot). Cut out and add curve to heel. Adhere to paper boot using a glue stick.

6. Lay Deck the Halls paper blue and brown damask side down with boot top face down on top. Trace and cut out.
7. Trace and cut out stars as shown.
8. Ink all edges, if desired.
9. Add all three “Taylor’s Clips” to top left of boot – so they look like buttons on the boot.
10. Mod podge paper to wooden boot, boot top and stars. Separate large boot into three sections and add mod podge a section at a time. Use your fingers to adhere paper between the clips.
11. Continue to smooth paper using your hands. Keep in mind that bubbles will go down, but creases won’t. Be patient. Sometimes it’s best to walk away.
12. Talk with your friends while the mod podge is drying. *wink* It won’t take long.
13. Add a top coat of mod podge to seal the paper to the boot. Allow to dry to the touch.
14. Add crochet ribbon to bottom of boot top using mod podge or glue dots.
15. Drill the top of the boot to the boot – make sure there is access to the holes for wire you will hang the boot with.
16. Add wire to top of boot. It does not need to be long, just enough to add the boot to a hanger.
17. Connect the two stars and large gem together using wire. Twist the wire so they will hang how you’d like and staple to boot top.
18. Add red flower to boot top using glue dots to cover where you just stapled the wire.
19. Drill three holes in the boot heel
20. Starting at the top, “lace” brown ribbon through holes and tie a bow at the bottom.

Happy Holidays!
