“Spooky Delights”

Featuring: “the Spider’s Web” Paper Kit
Designer: Anam Stubbington (www.anamstubbington.typepad.com)

Cupcakes:

Using the template, cut a trail shape out of plain paper and adjust to size to ensure it fits your cupcakes or muffins. then cut the required number of covers out. I cut the top line with an edging scissors for a different look. Ink all the edges. Wrap them around the cupcakes and glue. cut triangles from a folded piece, ink and then curl the ends. Glue a cocktail stick in the crease. Place in the frosting.

Masks:

Using the template cut out two masks, once slightly larger than the other. Glue them together. Decorate as desired. I painted a skewer black and punched 2 holes on one side to enable the skewer to attach.

Place Setting:

Ink the edges of the Cut Strips, glue one on top of another and then wrap it around your napkin. Add ribbon to a tag and attach it to your flatware. I would suggest you handwrite your menu on the tag in the theme.

PlaceName Holder:

Using the template, cut out your bat. Ink the edges. Add your chipboard Letter and your diecut shape. then paint a wooden clothes peg black and when dry glue it to the reverse of your bat.

Bunting:

I made small Paper Laterns for my bunting. Cut a piece of paper 6”x6”. Trim a strip of one edge about 1/2” wide (that turns into your handle) then fold the piece of paper in half along the 6” side. Cut Strips along the fold about 1/2” to 1/4” wide but leave about 1” from the edge. Turn into a cylinder, add your handle and push down a little, it should fan out like in my photo. If you are adventurous, you could use these to cover Christmas tree lights for an added touch.
